

Adapters

The following product models have the Apple Universal Docking System:

JBL On Stage II UD
JBL On Stage Micro
JBL Radial
JBL Radial Micro
JBL On Time

To find the correct adapter for your iPod, please view the bottom of the iPod dock adapter. There will be an engraving of the iPod model it is intended for. If you have a 2nd generation iPod Nano, iPod Touch, iPod Classic or newer iPods, please use the dock adapter that is included with your iPod package.

Removing adapters

You can remove the adapter by simply inserting your fingernail into the slot on the back of the adapter or use a flat head screw driver and lift up.
